

MUSTANG SUD IS CURRENTLY SEEKING:

WATER OPERATOR

A summary of this job is to perform a variety of customer service field work for water/wastewater customers. Duties include operating and maintaining groundwater wells, reading meters and the performance of basic and semi-skilled maintenance, and preventative maintenance tasks. Assignments are received from the Supervisor. Field activities are performed independently and include responding to on-site inquiries from customers. Assignments will include working as a route person or as a "rover" backing other operators.

The minimum of a Groundwater Class D Operators License is required but we will consider training potential operators.

Must have high school diploma or equivalent, valid driver's license, and live within 30 minutes from the main office.

Must submit completed job application for consideration.

Salary ranges from \$13.00-17.00 per hour DOQE.

Benefits include: Texas County and District Retirement Systems (TMRS Compatible), 100% Employee Health, Dental and Life Coverage, Longevity Pay, and Vacation/Sick/Holiday leave.
